

Hello again! I hope you are all well. I miss you!

Firstly, I would like you to watch this short film.

<https://www.literacysshed.com/the-lighthouse.html>

Next, I would like you answer the questions below. (A little bit of reading comprehension)

The Lighthouse Comprehension,

High above the village, at the edge of the cliff, sat the Briar's Rock lighthouse, its bright light danced over the rooftops and out to sea; the darkness was no match for its strength. In the village, the barrow walkways and paths were bathed in the pale light of a milky moon and bare, sinuous trees awaited their springtime leaves. Amber lights shone from friendly windows and inside noisy villages danced and applauded. Houses of all sizes dotted the grassy clifftops, and beyond the cliffs and the pretty village, the restless sea gurgled and churned. Light swept the village. The villages cheered. Light swept the village. More applause. The lighthouse which didn't benefit from the same warm glow of the beam, or the same cheeriness of the village, stood stoically watching in the near darkness.

Questions:

1. What is the name of the lighthouse?
2. Why do you think the moon is described as 'milky'?
3. Why is the word 'swept' used to describe how the light moves?
4. Which word is used to describe the sea?
5. How is the village described so that it seems so cheery?
6. Why do you think the villagers cheered?

I would then like you to choose one of the following writing opportunities and try to do your best piece of work. Think of something that you would be really proud of!

- Write a newspaper report about the event. Include interviews with the lighthouse keeper, villagers and men from the boat.
- Write some dialogue for the film.
- Write a recount of the events.
- Write a description of the lighthouse on the rocks.
- Research a history of lighthouses.
- Find out about Grace Darling.
- Create a collage of a lighthouse on the rocks.

Finally, a bit of fun. Here is a lovely video of how to dance - hip hop style! Enjoy. Keep safe and active.
