

Anyone interested in science experiments will find plenty of things to do on Science Bob's website - sciencebob.com

Time for a change in topic (if you want) - Wonders of the World - Natural and man-made:

Natural:

Northern Lights

Paricutin - Volcano in Mexico

Great Barrier Reef

Victoria Falls

Mountain Everest

Grand Canyon

Rio Harbour

Man-made

Christ the Redeemer

Petra - Jordan (place in Indiana Jones and the Crusade - at the end)

Great Wall of China

Taj Mahal

Colosseum

Machu Picchu

Chichen Itza

Activities

Travel Guide (around the world) - could create some kind of travel video

Website (in powerpoint)

Model making

Fact sheets

Persuasive Poster on which is the best / favourite

Non-chronological reports

Blog writing about visiting different places

Create a collage of a Wonder - Christ the Redeemer would be good as similar to the Angel of North in shape

Watch Eighty days around the world

Create your own list of the Wonders of the World - could be a North Eastern version - natural or man-made

Use plasticine/play doh to recreate how waterfalls (or sea stacks/stumps) are formed - videos on youtube - will post links

Create your own exploding volcano

Wonder of the World TOP TRUMPS

Postcards from the Wonders of the World

Find out about/research the different countries that the wonders are in

Make a quiz about the Wonders to play at home

Make a board game based around the Wonders of the World

Create a piece of pop-art or pointilism (use of dots to create a picture) of a Wonder

Some websites:

<https://www.bbc.co.uk/programmes/articles/3cJHsKqmTdJV8Skn26B9y8z/learning-in-lockdown>

<https://www.bbc.co.uk/bitesize/dailylessons>

<https://thriveglobal.com/stories/10-easy-craft-ideas-for-kids-parents-in-lockdown/>

Some JUST DANCE videos can be accessed via Youtube - played through SMART TV

Hope this helps.
