

WELCOME BACK!!!!

We can't wait to see you and hear about what you've been getting up to at home while school has been closed.

School is going to be very different when you return. There is lots of information below for you and your grown up to read together so that you know what to expect.

When you return you will be in a 'bubble'. This is a small group of children that will stay together at all times. Your 'bubble' will stay the same every day. You might not be with your best friends or your normal class teacher but you will definitely be with lots of friendly faces.

Don't worry about a thing, we're all in this together and as always, we'll have loads of fun.

See you soon and keep smiling

# YOUR CLASSROOM

## KEY WORKERS

Children of key workers are already familiar with the classroom they are working in (class 3) and understand the layout. The main difference to this group is that there will now be more children and staff in school than they have been used to. Although they will be really excited to see other children and can give them a wave and a happy smile, they will not be working or playing with other groups.

This group are now the experts at social distancing and the school routine and will be fantastic role models to those returning to school!

## RECEPTION

Reception bubble will be working in the Reception area and children encouraged to social distance. We have significantly reduced the number of toys/activities as all items will need to be regularly cleaned.

Staff as always will support, encourage and make sure the children have fun days.

# YOUR CLASSROOM

## YEAR 1

Year 1 children will stay in classroom 1.

## YEAR 6

Year 6 children are in two 'bubble' classrooms. Bubble A is in Class 6 and Bubble B is in Class 2.
