

Year 6 work WC 1/6/2020

Hello everyone, hope you are all bearing up well and managing to keep safe. Anyway I note from Google that their home page is celebrating the Galapagos Islands today so I thought the children might like to do work around this.

As always, the following are just suggestions.

Website about the islands and its creatures

Travel Advert (imovie or similar)

Documentary about the Galapagos - record themselves etc

Watch David Attenborough's documentaries about the islands

Create a picture collage of animals

Design, describe, create own unique species that they have discovered

Media artwork on the animals of the Galapagos

Pic-collage type art

Get out and about on adventure and photo surroundings animals and plants see - perhaps make a scrapbook etc

I was also thinking it might be nice for the children to think of their own 'Come Dine with Me' celebrity dinner party. Idea being that children select celebrities, people from history, characters from TV etc to invite to their own post lock-down dinner party (between 5 - 10 people).

Children to search for recipes

Design menus

Design invitations

Write brief letters / postcards explaining why people have been invited

Create rules for the dinner party (dress code etc)

Design type of party - could be a murder mystery type thing

Select a location

Design seating plan

Create a musical play list for the evening or other entertainment etc etc.

Children could perhaps host and cook their menu for the parents (part of the menu) and get dressed up for the evening - obviously no requirement to do this however.

Take care and stay safe!

Mrs Cassap
